

Calvert County Agriculture Week Poster Contest

The Calvert County Agriculture Commission is pleased to announce the 13th annual Calvert County Agriculture Week Poster Contest for 7th grade students. The poster contest is held each year to recognize and celebrate the role that agriculture plays in our lives. All 7th graders attending Calvert County schools are invited to participate. The contest is a small way to celebrate the importance of agriculture in our everyday lives. Poster topics include: life on a farm, crops grown in Calvert County, food from the farm, machinery used on a farm and animals raised on a farm (see specific contest rules.)

The contest is open from now through April 9, 2010. Posters may be submitted in two ways:

- drop off your entry at the Calvert County Department of Economic Development, or
- mail your entry to the Calvert County Department of Economic Development.

Winning posters will receive prizes ranging from U.S. Savings Bonds to cash awards. Winners will be notified in writing some time during April, 2010. They will also be recognized by the County Commissioners during a ceremony at the County Courthouse some time in April.
